

Get some fun and hands-on STEM learning into your program in 2019 with these Little Scientists workshops!

All workshops are \$115p.p. and unless otherwise indicated are held at 43 Dew St, Thebarton

Little Scientists: Engineering workshop

Explore forces and effects: invent, design and construct. Discover your inner engineer and find out how to encourage children's technical thinking process in an active learning environment.

Tuesday, 26 February 2019

9.30am - 4pm | with: Jess Shaw

Little Scientists: Optics workshop

Enjoy a day full of lights, colours and optical illusions. Explore the land of mirrors, colourful shadows and nature's paint palette. Learn about project work and collect ideas for child-led projects that scaffold the children's learning and development.

Tuesday, 19 March 2019

9.30am - 4pm | with: Jess Shaw

Location: Living Kaurna Cultural Centre, Bedford Park

Thursday, 30 May 2019

9.30am - 4pm | with: Jess Shaw

Little Scientists: Mathematics workshop

Explore shape and space, symmetry, solids, surfaces and symbols. Experience how the magic of mathematics is hidden in everyday life. Learn about, and how to encourage the development of abstract thought processes.

Wednesday, 20 March 2019

9.30am - 4pm | with: Cathy Cameron

Wednesday, 26 June 2019

9.30am - 4pm | with: Cathy Cameron

Location: Living Kaurna Cultural Centre, Bedford Park

Little Scientists: Water workshop

Have you ever met a child who is not fascinated by water? In all its aggregate states: icy, cold, or hot, children love to explore water from an early age!

Monday, 8 April 2019

9.30am - 4pm | with: Jess Shaw

Little Scientists: Human body workshop

Learn about the fascinating functions of our bodies and organs, muscles, skeleton and joints. Discover how to use different prototypes and models, and learn about the development of our sense of self.

Thursday, 28 March 2019

9.30am - 4pm | with: Cathy Cameron

Location: Tauondi College, 1 Lipson St, Port Adelaide

Wednesday, 12 June 2019

9.30am - 4pm | with: Cathy Cameron

Little Scientists: Computer science workshop

Discover the concepts of computational thinking and learn how to "speak to a computer" by understanding how it works. Immerse yourself into the world of computer science and playfully explore algorithms, sequencing and sorting without using a computer.

Thursday, 9 May 2019

9.30am - 4pm | with: Jess Shaw

Monday, 29 April 2019

9.30am - 4pm | with: Cathy Cameron

Location: Burton Community Centre, 386 Waterloo Corner Road, Burton

Little Scientists: Air workshop

Bring fresh air into the room, catch soap bubbles and experience that air is so much more than 'nothing'. Develop ideas for a co-constructed learning environment and explore questions that encourage children's metacognitive thinking.

Wednesday, 20 March 2019

9.30am - 4pm | with: Jess Shaw

Location: Grosvenor Hotel, Victor Harbor

Tuesday, 23 April 2019

9.30am - 4pm | with: Jess Shaw

Tuesday, 18 June 2019

9.30am - 4pm | with: Jess Shaw

Location: Tauondi College, 1 Lipson St, Port Adelaide
