

# Mentoring Early Childhood Teachers to reach full registration

Gowrie SA have teamed with CCCSA and the Teachers Registration Board in an exciting new mentoring project, to support small groups of ECTs and their centre Director, through the process of transitioning to full teachers registration.

## Over 9 sessions, participants will:

- Explore the Director's role in supporting a provisionally registered teacher to transition to full registration
- Unpack the AITSL Standards to understand them in an education and care setting
- Be supported in creating a portfolio of evidence
- Develop critical reflection skills
- Network with other ECTs
- Share and understand the requirements of documentation.

There will be an initial session for both the ECT and the centre Director with Marilyn Large from the Teachers Registration Board. This session will outline the requirements of the AITSL Teaching Standards, explore the Director's role in supporting a provisionally registered teacher and the responsibility of the ECT to achieve full registration. The final session brings the ECT and the Director together to share the portfolio of evidence. Mentoring for individual ECTS and Directors is available at an additional cost.
