

Flying Start

Pathways Program

Placement Improvement

Hosting student placements? Let's elevate the experience – together!

The Flying Start Pathways Program offers **free, hands-on support** to help you create **high-quality, rewarding placement experiences** that benefit both your service and your Certificate III, Diploma and Bachelor students.

Professional Development

Join our 2-hour session designed to support directors, educators, teachers, and mentors with practical tools and strategies to make every placement count.

What you'll gain:

- **expert guidance** on delivering successful **high-quality placements**
- mentoring **frameworks** to build confident, capable future educators
- **coaching strategies** to guide, support and inspire students
- feedback and **reflection tools** to enhance student learning
- **clarity** on placement expectations from training providers
- **discover free** Placement Elevate resources to support students and mentors
- **collaborative** placement planning to align student goals with service needs
- **meaningful** contribution in building confident, capable future educators.

Session details:

Whether you're new to hosting students or looking to strengthen your approach, this **online or face to face session** will help you build a culture of learning, support, and excellence – empowering your team and shaping the future of early childhood education.

Date: 21 October

Time: 6.00pm-8.00pm
